

**NORTH DAKOTA DEPARTMENT OF TRANSPORTATION
SPECIAL PROVISION: DISADVANTAGED BUSINESS ENTERPRISE PROGRAM**

PROJECT _____

RACE-CONSCIOUS GOAL The Disadvantaged Business Enterprise (DBE) goal for this project is: _____%

Introduction	1	Maintaining Records and Tracking	
Prebid Requirements	3	Payments	10
Good Faith Efforts	4	Unfulfilled Obligations	10
List of DBE Participation	8	Non-Compliance, Failure to Perform and	
Penalties for Failure to Provide		Sanctions	11
Required Documentation	8	Monitoring & Enforcement Mechanisms	12
Evaluation of Good Faith Efforts (GFE)	8	Counting DBE Participation	12
Administrative Reconsideration	8	Form A	16
Construction Progress Chart	9	Form B	18
Award of Contract	9	Form C	20
Pre-Job Conference	9		
Construction Monitoring, Responsibilities			
And Reporting	9		

INTRODUCTION

49 Code of Federal Regulations Part 26 (CFR) states that the contractor, subrecipient, or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. Contractors shall carry out applicable requirements of 49 CFR Part 26 in the solicitation, award, and administration of USDOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate.

In addition, Title VI assures that no person or group of persons may, on the grounds of race, color, national origin, sex, age, or handicap or disability, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any and all programs or activities administered by the Department. For information regarding Title VI, see the 2004 DBE Program.

The two paragraphs above apply to every contractor on the project, including every tier of subcontractor. It is the prime contractor's or subcontractor's responsibility to include the two above paragraphs in every subcontract.

In this special provision:

“Apparent low bidder” means the bidder whose bid is read as low bid at the bid opening.

“Contractor” means ALL DBE (including MBE and WBE) and non-DBE firms, including prime contractors, subcontractors (under/over \$500,000), suppliers, brokers, vendors, regular dealers, and manufacturers.

“Prime Contractor” means bidders or contractors who are submitting proposals on this project, regardless of the size of the project.

“Quoter” means a DBE or a non-DBE subcontractor (under/over \$500,000), supplier, broker, vendor, regular dealer, or manufacturer who submits quotes to another contractor.

“Subcontractor quoting over \$500,000” means a subcontractor whose quote is over \$500,000 on any project and who is not a supplier, broker, vendor, regular dealer, or manufacturer. All aggregate providers are considered subcontractors, regardless of the amount of their quote.

“Aggregate providers” are considered subcontractors rather than suppliers, regardless of the amount of their quote.

When counting DBE participation the following definitions will apply as per 49 CFR Part 26:

“Broker” means an agent who negotiates contracts of purchase, work, lease, or sale; or buys and sells goods; or negotiates between buyers and sellers; but without having custody of the property. A broker may assist in the procurement of facilities, materials, or supplies required for the performance of the contract. A broker is not regarded as a supplier, manufacturer, or regular dealer for the purposes of this program.

“Manufacturer” means a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications.

“Regular dealer” means a DBE firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials supplies, articles, or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business.

- To be a regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question.
- A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business as provided above if the person both owns and operates distribution equipment for the products. Any supplementing of regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an ad hoc or contract-by-contract basis.

“Supplier” means a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles, or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business.

- The firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question.
- **“Materials” is defined as aggregate, steel, petroleum products, concrete, asphalt, and other construction materials.**

PREBID REQUIREMENTS

IN ORDER FOR THE BIDDER'S PROPOSAL TO BE CONSIDERED RESPONSIVE, ONE OF THE FOLLOWING MUST BE ACHIEVED PRIOR TO THE BID OPENING;

- **THE DBE GOAL LISTED ON PAGE ONE OF THIS SPECIAL PROVISION IS MET.** (Submit the required information on Form A at the time of bid submittal); or
- **THE DBE GOAL IS PARTIALLY MET AND THE BIDDER DEMONSTRATES GOOD FAITH EFFORTS (GFE) AS FOUND BELOW.** (Submit the required information on Form A at the time of bid submittal); or
- **NO DBE PARTICIPATION IS SUBMITTED AND THE BIDDER DEMONSTRATES GOOD FAITH EFFORTS AS FOUND BELOW.**

GOOD FAITH EFFORTS

If award of the contract is made based on the contractor's good faith efforts, the goal will not be waived. The contractor is expected to make good faith efforts throughout the duration of the contract.

The following is a list of actions to be taken or documentation to be provided by all bidders (including DBE primes) to obtain DBE participation. Efforts shall include, but are not limited to, the following steps:

STEP 1: ADVERTISE

- The prime contractor must place an advertisement soliciting DBE participation in either general circulation media or the supportive services newsletter before the bid opening.
- Prime contractors who submit their proposals by mail must indicate in their advertisement that they will be mailing their bid, must provide a date and time by which all quotes must be received for consideration, and must indicate where quotes should be sent.
- Advertisements placed in general circulation media must be run once at least seven calendar days before the bid opening date. "General circulation media" **means a newspaper in the area of the project** or a trade association publication such as the Construction Bulletin.
- The supportive services newsletter is published two weeks before each bid opening. Requests for ads in the newsletter must be received, in writing, by the supportive services contractor no later than noon (Central time), 2 weeks before the bid opening date. The address of the supportive services contractor is: Jim Laducer, Laducer & Associates, Inc., 2001 Missouri Drive, Mandan, ND 58554, phone (701) 667-1980, fax (701) 667-2970 or emailed to marcella@laducer.com. **Bidders are also encouraged to publish an email address for their company where subcontractors and suppliers can email their quotes to.**

STEP 2: OFFER OF ASSISTANCE

In the advertisement and all other phases of pre-bid activities, the prime contractor must offer assistance to disadvantaged businesses in the areas of (but not limited to) interpreting plans, preparing proposals, providing advice to obtain bonding and insurance, project scheduling, pit and batch plant locations, etc. After the bid opening, the apparent low bidder must document that the offer of assistance appeared in the advertisement.

STEP 3: ASSIST DISADVANTAGED BUSINESSES

The prime contractor and subcontractors must respond to any requests, from disadvantaged businesses that are submitting quotes, concerning; interpreting plans; preparing proposals; providing advice to obtain bonding and insurance; quantities; expected overtime, project scheduling; pit information (location, length of haul, type of road); method of measurement (seeding by the mile or acre, hauling by the ton-mile or by the hour, etc.); payment schedule; items of work included in the quote; or any other project-related issues. After the bid opening, the apparent low bidder must state, in writing, whether such discussions were requested, and must report and document any assistance provided.

STEP 4: GUIDELINES FOR SUBMITTING QUOTES TO BIDDERS

All DBE and non-DBE businesses are **strongly encouraged** to follow these guidelines when quoting.

- Indicate the date of the bid opening, job number, and project number being quoted.
- Include bid item numbers and units or quantities.
- Use bid items and quantities from the proposal rather than from the Notice to Bidders.
- Show all calculations on the quote.
- Indicate whether mobilization is included; cost of bond, if required; and any other special conditions.
- Indicate if a quote does not include something required by the specifications for a particular bid item.
- Include on all trucking quotes the type and number of units available and their capacity.
- Provide separate quotes for each project (each quote on a separate page).

STEP 5: SIGN IN

DBE and non-DBE prime contractors and subcontractors over \$500,000, (excluding suppliers, brokers, vendors, regular dealers, and manufacturers) unless submitting proposals by mail, are required to do the following:

- Between noon to 2 p.m. (Central), the day before the bid opening date, **must** either sign in, in person, or call in (701-258-7000) at the supportive services room at the Bismarck Doublewood Inn, I-94 and Exit 159. The prime contractor and subcontractor over \$500,000 must provide

information (location, phone, and fax numbers) about where they can be contacted by businesses wishing to submit quotes to them between 2 p.m. and 8 p.m. that same day.

- Designate at that time which jobs they are bidding or quoting on.
- Between 2 p.m. and 8 p.m. (Central), the day before the bid opening the prime contractor and subcontractors over \$500,000 **must** have a representative available to receive and discuss quotes at the contact location or numbers as required above.

DBE and non-DBE suppliers, brokers, vendors, regular dealers, and manufacturers are not required but are strongly encouraged to:

- Between 2 p.m. to 4 p.m. (Central), the day before the bid opening, to stop by or call (701-258-7000) the supportive services room at the Bismarck Doublewood Inn, 1-94 and Exit 159, where copies of the prime contractors and subcontractors quoting over \$500,000 sign-sheets will be available.

DBE and non-DBE subcontractors under \$500,000 are not required by are strongly encouraged:

- Between 2 p.m. to 6 p.m. (Central), the day before the bid opening, to stop by or call (701-258-7000) the supportive services room, at the Bismarck Doublewood Inn, 1-94 and Exit 159, where copies of the prime contractors and subcontractors quoting over \$500,000 sign-sheets will be available.

DBE and non-DBE subcontractors quoting over \$500,000 are not required but are strongly encouraged to:

- Between 2 p.m. to 8 p.m. (Central), the day before the bid opening, to stop by or call (701-258-7000) the supportive services room at the Bismarck Doublewood Inn, 1-94 and Exit 159, where copies of the prime contractors and subcontractors quoting over \$500,000 sign-sheets will be available.

STEP 6: RECEIVE AND EVALUATE ALL QUOTES OFFERED

All prime contractors and subcontractors are responsible for receiving and evaluating all quotes offered, regardless of whether the quotes are calculated by the ton-mile, hour, acre or square mile, and regardless of whether work elements intended to be subcontracted. It is not acceptable to limit the use of DBEs because of a larger amount of work is intended to be subcontracted to a non-DBE. It is also not acceptable to require that quotes be given in a particular format. It is the responsibility of any person receiving quotes to convert the quotes to an acceptable format, if necessary.

STEP 7: DBE AND NON-DBE QUOTERS' RESPONSIBILITIES

- By the times listed in the chart below, the night before a bid opening, all DBE and non-DBE subcontractors (under/over \$500,000), suppliers, regular dealers, vendors, manufacturers, or brokers **must cease quoting**.
- By the times listed in the chart below, the night before a bid opening, all DBE and non-DBE subcontractors (under/over \$500,000), suppliers, regular dealers, vendors, manufacturers, or

brokers **must submit a copy** of all phone or paper quotes given for each project. Quotes are either placed in the drop box in the supportive services room or faxed to the DBE Liaison Officer, 701-328-1965, 701-328-1420, 701-328-4545, 701-328-4928.

DBE AND NON-DBE	<u>MUST</u> CEASE QUOTING	<u>MUST</u> TURN IN QUOTES
Suppliers, brokers, vendors, regular dealers, and manufacturers	4:00 p.m. (Central)	5:00 p.m. (Central)
Subcontractors <u>under</u> \$500,000	6:00 p.m. (Central)	7:00 p.m. (Central)
Subcontractors <u>over</u> \$500,000	8:00 p.m. (Central)	9:00 p.m. (Central)

- All subcontractors quoting over \$500,000 **must** attach a **completed** copy of Form A to their quote when submitting it to the prime contractor.
- All quotes by DBE or non-DBE subcontractors, suppliers, regular dealers, vendors, or brokers for more than one bid item **must indicate** whether the bid items are **tied or not tied**.
- DBEs **must** state on their quote the dollar value of the work to be actually performed by their own forces or other DBEs they intend to use.

STEP 8: FORM A: MUST BE SUBMITTED AT THE TIME OF BID SUBMITTAL

- At the time of bid submittal, all prime contractors must complete Form A and attach it to their bid proposal.
- The prime contractors Form A **must** list all the DBEs intended for use on the project, including DBEs intended to perform work in all tiers of subcontracting. The prime contractor must also attach a Form A for all subcontractors over \$500,000.
- If the assigned goal has not been achieved and the prime contractor intends to do the work itself, the specific bid items and the DBE firms not used **must** be noted on Form A.
- Within 5 working days after the bid opening, the prime contractor **must** also provide to the department a bid differential analysis between the DBE and non-DBE quoters.

STEP 9: Form B: SUBMIT WITHIN 10 WORKING DAYS OF BID OPENING

Within 10 working days after the bid opening, all bidders must submit Form B or copies of all quotes received to the address in 10 below. Form B must include all tiers of subcontracting for the project.

STEP 10: FORM C: SUBMIT WITHIN 10 WORKING DAYS AFTER BID OPENING

Within 10 working days after the bid opening, the apparent low bidder **must** submit a Form C for each DBE listed on Form A to the address below, unless NDDOT grants a time extension.

No award will be made on a project until Form C's for each DBE are submitted to NDDOT. The contractor and DBE **must both** sign the form. Form C applies to all tiers of subcontractors working with DBEs.

Form Cs may be faxed to the DBE Liaison Officer, at 701-328-1965 or mailed to the Civil Rights Office, NDDOT, 608 East Boulevard Avenue, Bismarck, ND 58505-0700.

Signatures need not be original; faxed signatures are acceptable.

If Form C contains additional pages or an attachment, each page or attachment must be signed by the DBE.

If Form A and Form C contain different information (e.g., bid item numbers, quantities, or dollar amounts), the contractor or subcontractor must explain the difference in writing to NDDOT when submitting Form C.

STEP 11: DEADLINES FOR SUBMITTING DOCUMENTATION TO NDDOT

Information must be submitted to the DBE Liaison Officer, North Dakota Department of Transportation (NDDOT), 608 East Boulevard, Bismarck, ND, 58505-0700, as follows:

- Within five working days after the bid opening, the apparent low bidder must submit information on Steps 1, 2, 3, 5, and 6.
- Within five working days after the bid opening, any apparent low bidder who submits their proposal by mail must submit information on Steps 1, 2, 3, and 6.
- Within 10 working days after the bid opening, the apparent low bidder must submit required Form Cs to the address above, unless NDDOT grants a time extension.
- Within 10 working days after the bid opening, all bidders must submit a completed Form B or copies of all quotes received for the project. Form B must include all tiers of subcontracting on the project.

STEP 12: DEMONSTRATION OF GOOD FAITH EFFORTS

If the apparent low bidder did **not** meet the established DBE goal, good faith efforts documentation will be required as noted in Step 11 above and Step 13 below.

STEP 13: BID DIFFERENTIAL ANALYSIS

- The bidder **must** consider all bids offered. If DBE quotes were rejected based on the bid differential concept, this must be so noted by listing the DBEs name in the appropriate area on Form A. The bid differential analysis must be provided to the Department within 5 working days after the bid opening.
- Explanations will include each item bid by a DBE and be compared to like items bid by a non-DBE. The bidder will provide written documentation that clearly explains the difference in the bid calculations for each item of work affected, including a comparison by total dollar value and percentage of difference between the DBE and non-DBE.
- If a DBE is used for a portion of a bid item, the prime contractor must show why the DBE was not used for the entire bid item. For example, if there is \$1 million worth of trucking in a project the DBE will be used for \$100,000 of the trucking, the prime contractor must show why the DBE was not used for the remaining \$900,000 of the trucking.

- If it is determined that the DBE quote should have been selected, the bidder, will have the opportunity to commit to using the DBE, resubmit a corrected Form A, and complete Form C's prior to award. The bidder is responsible for all additional costs incurred.

LIST OF DBE PARTICIPATION

Generally, the DBE Participation list is posted to the NDDOT website:

<http://www.state.nd.us/dot/dbebidinfo.html> two working days after the bid opening. To request a paper copy of the DBE participation web site listing, contact DBE Liaison Officer, North Dakota Department of Transportation, 608 East Boulevard Avenue, Bismarck, ND 58505-0700, fax 701-328-1965, phone 701-328-2576.

PENALTIES FOR FAILURE TO PROVIDE REQUIRED DOCUMENTATION

Prime contractors and subcontractors are encouraged to discuss the requirements of this special provision with all bidders providing quotes on a specific project.

If the apparent low bidder fails to submit good faith efforts (GFE) documentation on a project in question, the Department will consider the bid non-responsive.

Prime contractors may be denied future quoting or bidding privileges if they failed to provide copies of all quotes or Form B.

Apparent low bidders may be denied future quoting or bidding privileges for failure to submit Form A and Form C as required.

EVALUATION OF GOOD FAITH EFFORTS (GFE)

After each bid opening, NDDOT will evaluate DBE participation on each project. If good faith efforts documentation is required or requested, it will be reviewed. If the apparent low bidder fails to meet GFE, the Good Faith Efforts Review Committee will recommend to the NDDOT Director that the bid be considered non-responsive.

ADMINISTRATIVE RECONSIDERATION

When a contractor misses any one step in the good faith efforts process, the Good Faith Efforts Review Committee makes a preliminary recommendation to not award. The process is:

- The contractor is contacted and allowed to comment or make explanations for the record, either in person or through a conference call.
- The contractor is told that the Department Director makes the final decision after considering the recommendations of the Good Faith Efforts Review Committee and the Department Deputy Director for Engineering.
- The contractor may choose to visit with the Director and Deputy Director for Engineering, but may not give them any information that has not been given to the Good Faith Efforts Committee.

- The Good Faith Efforts Review Committee makes a written recommendation to the Director, which includes comments provided by the contractor. The Committee also gives a copy of the written recommendation to the Deputy Director for Engineering.
- The Deputy Director for Engineering also makes a written recommendation to the Director.
- The Director makes the final written decision.
- The result of the reconsideration process is not administratively appealable to the **US** Department of Transportation.

CONSTRUCTION PROGRESS CHART REQUIREMENT

Before the award of the contract, the apparent low bidder must create a construction progress chart for each DBE to be used on the contract (excluding oil haulers, suppliers, brokers, vendors, regular dealers, or manufacturers). The chart must state the type of work to be performed and when it will be performed.

The apparent low bidder must supply all charts to the Department and the appropriate chart to each DBE to be used on the contract.

AWARD OF CONTRACT

Contract award will be made to the bidder who submits the lowest responsive proposal meeting the pre-bid and pre-award requirements.

PRE-JOB CONFERENCE

It is the prime contractors' responsibility to invite all DBEs listed on Form C to the pre-job conference. If the DBE is unable to attend the pre-job conference it is the prime contractors' responsibility to provide a copy of the pre-job conference minutes to **each** DBE. In addition, it is the prime contractors' responsibility to discuss any project issues necessary for joint DBE program compliance on the part of the prime contractor, non-DBEs subcontractors and their DBE subcontractors, manufacturers, or regular dealers.

CONTRACT MONITORING, RESPONSIBILITIES, AND REPORTING

It is the prime contractors' responsibility to monitor DBE performance on the project, to ensure that the DBE performs a commercially useful function and to ensure both the prime contractor and their subcontractors, suppliers, manufacturers, and regular dealers comply with the requirements of this special provision.

DBEs are responsible for performing a commercially useful function. Should the DBE be unable to perform a commercially useful function or perform as stated on Form C it is their responsibility to **immediately notify** the prime contractor orally and in writing. See pages 13 and 14 of this special provision for information regarding commercially useful function.

The prime contractor must submit a completed copy of the DBE Participation Certification (SFN 14268B), signed by the prime contractor and the DBE, to the project engineer upon completion of the

contract to verify DBE participation. This includes DBEs used that were not included on Form A. The project will be monitored to ensure the DBE is performing a commercially useful function.

MAINTAINING RECORDS AND TRACKING PAYMENTS

The Department will require prime contractors and subcontractors to maintain records and documents of payments to DBEs for three years following the performance of the contract. These records will be made available for inspection, upon request, by an authorized representative of the NDDOT or USDOT. This reporting requirement also applies to any certified DBE.

Prime contractors and subcontractors must keep a running tally of actual payments to DBEs for work committed to them at any time during the life of the contract. Prime contractors and subcontractors will be required to **complete the Record of DBE Project Payments (SFN 53664) on a quarterly basis. The record must be submitted to the NDDOT by the tenth working day after the October-December quarter, the tenth working day after the January-March quarter, the tenth working day after the April-June quarter, and the tenth working day after the July-September quarter.** The record must contain the name of the prime contractor or subcontractor, **the DBE firm name**, the project number, **the bid opening date**, the amount paid, **and the date of payment** to the DBE for the reporting period only. Send the record to the DBE Liaison Officer, North Dakota Department of Transportation, 608 E. Boulevard Ave., Bismarck, ND 58505-0700.

The record must contain the name of the prime contractor or subcontractor, the project number, and the amount paid to the DBE for the reporting period only. Send the record to the DBE Liaison Officer, North Dakota Department of Transportation, 608 East Boulevard Avenue, Bismarck, ND 58505-0700.

NDDOT may perform interim audits of contract payments to DBEs to ensure that the actual amount paid to DBEs equals or exceeds the dollar amount stated on Form C.

UNFULFILLED OBLIGATIONS

The contractor is expected to make good faith efforts throughout the duration of the contract. The Department will use the following process when a contractor or DBE does not fulfill his or her obligations in any of the following situations:

- The contractor believes the DBE is unable to perform the contract, or
- The prime contractor is unable to perform the work committed to be completed by the prime's workforce and equipment at the time of award, or
- The non-DBE whom the prime contractor committed to using at the time of award, is unable to perform, the prime contractor, non-DBE or DBE shall all **immediately** give oral and written notice to the project engineer of the failure to perform, stating the nature of the failure.

If the Department concurs that a substitution is warranted the prime contractor will seek, **through the Department's Construction Services and Civil Rights Office and with the assistance of the DBE Supportive Services contractor**, a DBE to perform the work instead. All DBEs currently certified in the specific area of work needed to be performed, will be contacted in writing or by phone, and quotes solicited. If available a DBE **will** be selected to perform a dollar value of work, equal to the value of the commitment not achieved unless the contractor can demonstrate the DBE quote is unreasonable, using the bid differential process for quotes available during the replacement process.

The prime contractor is responsible for any additional costs incurred as a result of either the prime contractors failure to fulfill the original commitment or the DBE or non-DBEs failure to perform.

NON-COMPLIANCE, FAILURE TO PERFORM, AND SANCTIONS

If the Department determines that a contractor (prime or sub) should be sanctioned for:

- Not paying a DBE in a timely manner,
- Not having a DBE perform the specified dollar amount of work (subject to plan quantity changes), tasks or bid items, or
- For otherwise not fulfilling the requirements of this DBE special provision,

the Department will provide written notice to the contractor informing them of the sanction.

If the Department determines that a DBE should be sanctioned for:

- Failure to perform,
- Failure to pay contract-related bills in a timely manner,
- Failure to perform a commercially useful function,
- Failure to notify the prime contractor orally and in writing if they are unable to perform a commercially useful function, or
- Otherwise not fulfilling the requirements of this DBE special provision

the Department will provide written notice to the DBE informing them of the sanction.

The contractor or the DBE has 14 calendar days, from receipt of the certified notification, to make a written request for a hearing.

If the Department does not receive a written request for a hearing, or if the contractor or DBE does not provide sufficient evidence at the hearing that the provisions have been met, the Department may suspend the contractor or the DBE bidding or quoting privileges and not allow the contractor or the DBE to participate in one or more scheduled bid openings after the date the sanction is imposed.

Grounds for sanctions may include, but are not limited to: repeated instances of **failure to perform the contract requirements**, repeated instances of late contract-related payments, or documented fraudulent practices.

Further sanctions which may be imposed by the Department for failure on the part of the contractor may include:

- **Withhold the contractor's progress payment until the contractor complies with all DBE contract provisions.**

- Deduct, from the contractor's progress payments, the dollar amount of DBE participation committed to but not achieved by the contractor.
- Find the contractor in default
- Take other corrective action determined by the Department to be appropriate, or
- Any combination of the above.

MONITORING AND ENFORCEMENT MECHANISMS

The Department will bring to the attention of the USDOT any false, fraudulent, or dishonest conduct in connection with the DBE program, so that USDOT can take the steps (e.g., referral to the Department of Justice for criminal prosecution, or referral to the USDOT Inspector General for action under Suspension and debarment or Program Fraud and Civil Remedies rules) provided in subsection 26.107 of 49 CFR Part 26. The Department will also consider similar action under its own legal authorities, including responsibility determination in future contracts.

COUNTING DBE PARTICIPATION

The Department will count DBE participation toward our overall annual goal as provided in 49 CFR 26.55 as noted below:

1. When a DBE participates in a contract, the Department counts only the value of the work actually performed by the DBE toward DBE goals.
 - A. The Department counts the entire amount of that portion of a construction contract (or other contract not covered by paragraph 1B of this section) that is performed by the DBE's own forces. Included are the cost of supplies and materials obtained by the DBE for the work of the contract, including supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate).
 - B. The Department counts the entire amount of fees or commissions charged by a DBE firm for providing a bona fide service, such as professional, technical, consultant, or managerial services, or for providing bonds or insurance specifically required for the performance of a USDOT-assisted contract, toward DBE goals, if the Department determines the fee to be reasonable and not excessive as compared with fees customarily allowed for similar services.
 - C. When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the DBE's subcontractor is also a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward DBE goals.
2. When a DBE performs as a participant in a joint venture, the Department counts a portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces toward DBE goals.

3. The Department counts expenditures to a DBE contractor toward DBE goals only if the DBE is performing a commercially useful function on that contract.
 - A. A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, the Department must evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing and the DBE credit claimed for its performance of the work, and other relevant factors.
 - B. A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, the Department must examine similar transactions, particularly those in which DBEs do not participate.
 - C. If a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, the Department must presume that it is not performing a commercially useful function.
 - D. When a DBE is presumed not to be performing a commercially useful function as provided in paragraph 3C of this section, the DBE may present evidence to rebut this presumption. The Department may determine that the firm is performing a commercially useful function given the type of work involved and normal industry practices.
 - E. The Department's decisions on commercially useful function matters are subject to review by the concerned operating administration, but are not administratively appealable to USDOT.
4. The Department will use the following factors in determining whether a DBE trucking company is performing a commercially useful function:
 - A. The DBE must be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular contract, and there cannot be a contrived arrangement for the purpose of meeting DBE goals.
 - B. The DBE must itself own and operate at least one fully licensed, insured, and operational truck used on the contract.
 - C. The DBE receives credit for the total value of the transportation services it provides on the contract using trucks it owns, insures, and operates using drivers it employs.
 - D. The DBE may lease trucks from another DBE firm, including an owner-operator certified as a DBE. The DBE leasing trucks from another DBE receives credit for the total value of the transportation services the lessee DBE provides on the contract.

- E. The DBE may also lease trucks from a non-DBE firm, including from an owner-operator. The DBE who leases trucks from a non-DBE is entitled to credit for the total value of the transportation services provided by non-DBE lessees not to exceed the value of transportation services provided by DBE-owned trucks on the contract. Additional participation by non-DBE lessees receives credit only for the fee or commission it receives as a result of the lease arrangement.

Example to this paragraph (d)(5): DBE Firm X uses two of its own trucks on a contract. It leases two trucks from DBE Firm Y and six trucks from non-DBE Firm Z. DBE credit would be awarded for the total value of transportation services provided by Firm X and Firm Y, and may also be awarded for the total value of transportation services provided by four of the six trucks provided by Firm Z. In all, full credit would be allowed for the participation of eight trucks. With respect to the other two trucks provided by Firm Z, DBE credit could be awarded only for the fees or commissions pertaining to those trucks Firm X receives as a result of the lease with Firm Z.

- F. For purposes of this paragraph (4), a lease must indicate that the DBE has exclusive use of and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE, so long as the lease gives the DBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the DBE.

5. The Department counts expenditures with DBEs for materials or supplies toward DBE goals as provided in the following:

- A. If the materials or supplies are obtained from a DBE manufacturer, count 100% of the cost of the materials or supplies toward DBE goals.

- (1) For purposes of this paragraph (5A), a manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications.

- B. If the materials or supplies are purchased from a DBE regular dealer, count 60 percent of the cost of the materials or supplies toward DBE goals.

- (1) For purposes of this section, a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business.

- a. To be a regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question.
- b. A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business as provided in this paragraph (5B[1]) if the person both owns and operates distribution equipment for the products. Any

supplementing of regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an ad hoc or contract-by-contract basis.

- c. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not regular dealers within the meaning of this paragraph (5B).

C. With respect to materials or supplies purchased from a DBE which is neither a manufacturer nor a regular dealer, count the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on a job site, toward DBE goals, if the Department determines the fees to be reasonable and not excessive as compared with fees customarily allowed for similar services. Do not count any portion of the cost of the materials and supplies themselves toward DBE goals, however.

- 6. If a firm is not currently certified as a DBE in accordance with the standards of subpart D of this part at the time of the execution of the contract, the Department does not count the firm's participation toward any DBE goals, except as provided for in §26.87(i).
- 7. The Department does not count the dollar value of work performed under a contract with a firm after it has ceased to be certified toward the Department's overall annual goal.
- 8. The Department does not count the participation of a DBE subcontractor toward **a contractor's final compliance with its DBE obligations on a contract until the amount being counted has actually been paid to the DBE.**

DISADVANTAGED BUSINESS ENTERPRISE PARTICIPATION (RC)

North Dakota Department of Transportation, Civil Rights Office
 SFN 52750 (Rev. 03-2004)

FORM A

Contractor		Phone
Job No.	Project No.	Bid Opening Date

At the time of bid submittal, all bidders must provide a list of the DBE firms intended for use on this project, including all tiers of subcontracting. The information provided may be submitted on this Form A or on a computer-generated form, giving the same information, attached to this Form A. If the bidder intends to use DBE quotes received from a subcontractor over \$500,000, the bidder **must** attach the subcontractor's Form A to the bidder's Form A.

PRINT ALL NUMBERS CLEARLY AND LEGIBLY.

- For each DBE firm, list the specific bid item numbers to be performed and the total dollar value of the contract.
 - If the DBE firm is going to do only a portion of a bid item (supply, haul, etc.), this **must** be so noted, in parenthesis, after the bid item number. **The bidder must state why the DBE was not used for the entire bid item.**
 - For DBE subcontractors, suppliers (regular dealers), and manufacturers, **list only the amount of work to be completed with each DBE's own forces.**
 - For DBE trucking firms, **list the amount of hauling to be performed by the DBE with its own trucks and employees;** or the fees or commissions earned on non-DBE leased trucks. However, if the DBE is leasing trucks from a non-DBE firm, including an owner-operator, you can count the total value of the services provided by the non-DBE, not to exceed the total value of the services provided by the DBE-owned trucks). (See page 14, paragraph E, of this special provision for more detailed information.)
- DBE bidders **must** list the work they will perform with their **own forces** and any work subcontracted to or materials purchased from other DBEs.
- If the information provided on Form C **differs** from the information provided on this Form A (bid item numbers, quantities, or dollar amounts), the apparent low bidder or subcontractor **must** provide, with the Form C, a written explanation for the difference.
- The apparent low bidder or subcontractor **must** use the DBEs listed for the intended work indicated on Form C.

If the assigned project goal has not been achieved, and the bidder intends to do work itself, the specific bid items and DBE firms not used must be listed here:

FORM B

Contractor		Phone ()
Job No.	Project No.	Bid Opening Date

Within 10 working days after the bid opening, for each project, all bidders **must submit to the NDDOT Civil Rights Office either:**

- a completed Form B or
- copies of all quotes received

This includes information from all tiers of subcontractors for the project.

List below the names of all businesses, including subcontractors, suppliers, vendors, regular dealers, manufacturers, and brokers who provided you quotes for this project. This includes information from any large subcontractor who also provided you a quote on this project and their subcontractors, suppliers, vendors, regular dealers, manufactures, and brokers.

North Dakota Department of Transportation, Civil Rights Office
SFN 52752 (Rev. 03-2004)

1. The prime contractor and any subcontractors who listed DBE Participation on Form A **must** complete a Form C for each of their respective, intended DBEs. The prime contractor is responsible for the completion and submission of a Form C for each DBE commitment made by any lower-tier subcontractor.
2. If the information on a Form C **differs** from the information provided on Form A (bid item numbers, quantities, or dollar amounts), a written explanation for the difference **must** be provided by the prime contractor or subcontractor with the Form C.
3. The Form C **must be signed** by the prime contractor or subcontractor and their respective, intended DBE. If Form C contains additional pages or an attachment, each page **must** be signed by the intended DBE. Signatures do not have to be original (faxed signatures are acceptable).
4. The forms **must** be returned to the NDDOT Civil Rights Office **within ten working days** after the bid opening. Forms may be faxed to the Civil Rights Office at (701) 328-1965, followed by a hard copy. **Award will not be made** until a Form C is received for each intended DBE listed on Form A.

This form is NOT a contract and does not take the place of any contract. It is an indication to NDDOT that all DBEs listed on Form A understand they will be used on this project.
